

GPT4o

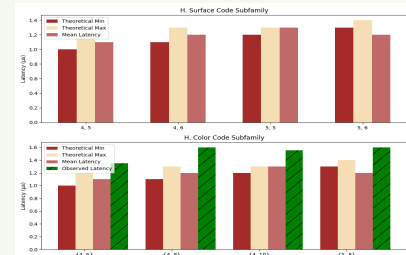

Source

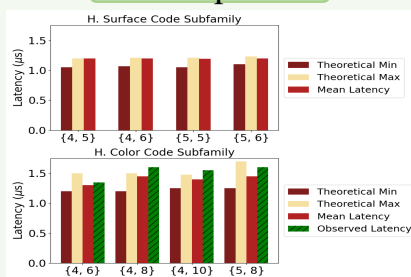

Instruction

Add a new data series 'Observed Latency' in green color with a hatch pattern to the second subplot. The data for the green bars is {4.6: 1.35, 4.8: 1.6, 4.10: 1.55, 5.8: 1.6}.

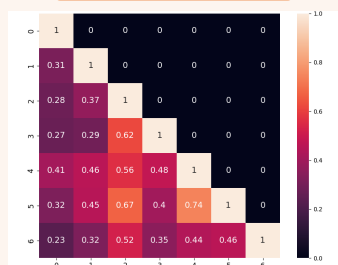

Reference

Output

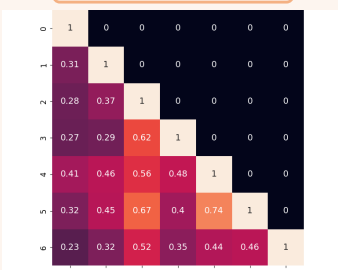

Source

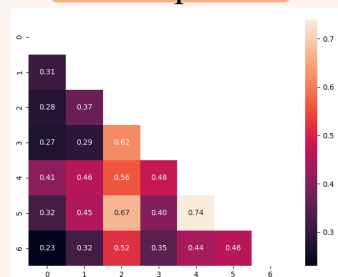

Instruction

Only remove the color bar on the right to simplify the chart.

Reference

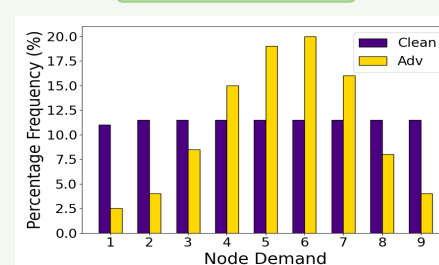

Output

InternVL2.5-8B

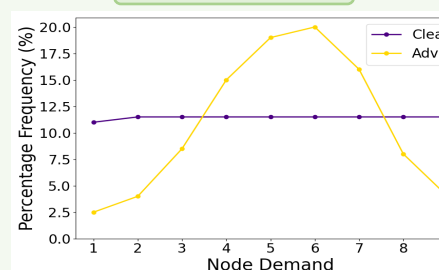

Source

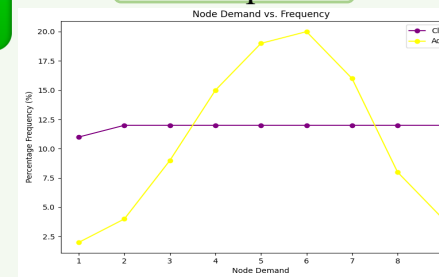

Instruction

Convert the bar chart to a line chart. Keep the colors and layout the same.

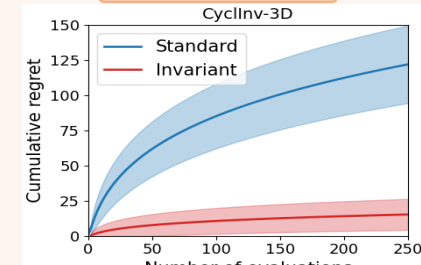

Reference

Output

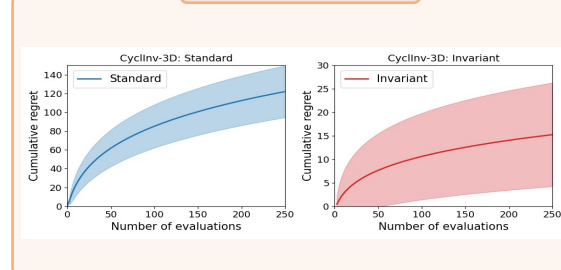

Source

Instruction

Create a second subplot to the right and transfer the 'Invariant' data series to the second subplot for better comparison.
